Special knowledge or experience applicable to function of board/committee:	I am an avid gardener who strives to maintain a Florida natural environment that is climate appropriate, water conservative and attracts appropriate insects and animals to my garden. I believe we are stewards of the environment and need to plan for natural scapes in an environmentally friendly, water conservative manner. I have attended many seminars and trainings on natural landscaping through IFFAS, Sierra club and Bok Tower. I have served on committees in my employment and community networks and am able to communicate effectively and engage positively as a board member.

Why do you want to serve on this board?	As an environmental steward I would like to be involved in the decision-making for Lake Wales green areas. I believe natural community resources attract healthy habits in individuals, which in turn leads to physically and mentally healthy citizens. I value our city's commitment to creating a tree lined connector system for all to access the city. As a full-time employed individual out of the City of Lake Wales, I would like to be involved in community activities where I can make a difference to the quality of life for our citizens.
