RECOMMENDATION

It is recommended that the City Commission approve after first reading Ordinance 2020-13 adopting the Five-Year Capital Improvement Plan for fiscal years 2020/21 through 2024/5

BACKGROUND

In accordance with section 6.05 of the City Charter, Ordinance 2020-13 adopts the proposed 5-year Capital Improvement Plan (CIP) for the period FY2020/21 through FY2024/25. Capital improvements and capital acquisitions proposed for Year 1 of the 5-Year plan are incorporated into the FY20'21 operating budget, as are appropriation of funding sources necessary to implement Year 1 of the plan.

The 5-Year CIP document includes all capital facility and infrastructure improvements which staff believes should be undertaken during the next five years and supporting information to explain the necessity for the improvements. In addition, the CIP includes all capital equipment proposed for acquisition during this period. Cost estimates, method of funding and time schedule for the proposed improvements and equipment acquisitions are identified in the document.

The proposed 5-Year CIP totals \$87,412,089 and includes \$300,000 in land acquisition, \$4,565,981 in building improvements/acquisitions, \$62,615,700 in infrastructure and recreation improvements, \$14,096,500 in equipment acquisition, and \$5,833,908 in other capital outlay. Schedule "C", within the 5-year CIP, provides a detail listing of each asset type.

Improvements and equipment needs for the next 5 years were submitted by department heads with a justification of necessity and a recommended time schedule for completion or acquisition. These requests were prioritized by the City Manager in view of the available funding resources and urgency of need.

FISCAL IMPACT

Funding of the CIP will be accomplished through utilization of existing cash surpluses and current year operating revenues, future grants, private contributions, leases/debt service issuances, and impact fees. Growth related improvements will be funded by impact fees.

Costs of all capital improvements and equipment acquisitions are distributed over 5 years as follows:

Year 1 - FY2020/21	20,518,608
Year 2 - FY2021/22	19,477,966
