

I would like to humbly request our Lake Wales Council group

The FIRST STREET, name change to BOLET SALUD

This 75-year-old, who was born in the Philippines (a third world country)

Has had a most unusual life.

BECAUSE OF AMERICA... the AMERICA that "exported" ... sent all sorts of excellent catholic priests and nuns as teachers that introduced the already established AMERICAN EDUCATION SYSTEM, with its ENTREPRENEURIAL, and non-violent COMPETITIVE SPIRIT, including the blending of good CULTURE VALUES of the TWO COUNTRIES, for the YOUNG-UNS, to learn, FOR LIFE.

Because of this, she was able to acquire her Bachelor of Science Degree in Economics from the University of the Philippines. She then came to the USA to further get educated. This got her, the Master of Business Administration in Economics from New York University, NY, while working as Research Assistant in the highly respected, National Industrial Conference Board of New York City.

She came to Lake Wales because her husband decided to stay here. While bringing up her FOUR children here, guiding and helping a brain injured, triple kidney transplant son, also a daughter now a lawyer, and two sons now both medical doctors, she was STILL ABLE, to constantly give her time to a MOST UNUSUAL, VARIED... MULTI-TYPES of local PRIVATE CIVIC, PUBLIC PENSION CIVIC groups, also extending her services to Polk County, Florida State and USA National groups. She has given her honest unbiased LEADERSHIP abilities either as a president... first president... first female president... chairperson... financial counsel... board of trustees... SAC... advisory board... and directorship positions for these local Lake Wales, for Polk County, and even PREVENT BLINDNESS FLORIDA (President one year), FLORIDA STATE Board of Community Colleges, and PREVENT BLINDNESS AMERICA (Board of Directors six years). She was also a Founding Director of a bank. A very long list of these "variables" for anyone to peruse.

What is even most unusual and amazing is that, in MANY of these groups, they have KEPT HER, in her LEADERSHIP POSITION WITH THEM, for MANY YEARS i.e., 6, 8, 10, 16, 21, 28, 31, 38 years... she must be that excellent.

If the above detailed info is not enough to impress anybody, one can look at her SEVEN AWARDS coming from our local Lake Wales, Polk County and from Florida State on page 3.

Very few people could have DONE AND GIVEN all this in their LIFETIME.

Giving the FIRST STREET name change to BOLET SALUD will reflect on the QUIET WAY that AMERICA gives and has now GIVEN THIS NEW AMERICAN (BOLET SALUD from a third world country)

This NEW AMERICAN who has now also given quietly as a perfect example... an honest consistent giver... THIS IS, what an AMERICAN IS... IN AMERICA!

All this, for OUR YOUNG UNS, and our FUTURE YOUNG UNS (grand children?) to hopefully learn and follow,
FOR GOOD AMERICA!!!

Hopefully hoping,

John/Eusebio Guerrero Salud JR, M.D.

Violeta B. Salud
