

MEMORANDUM

DATE: March 30, 2021
TO: Honorable Mayor and City Commission
VIA: James Slaton, City Manager
FROM: Sarah B. Kirkland, Utilities Director
RE: F Street Water main Extension
SYNOPSIS: *Purchase of parts for the F Street water main extension for \$24,991.92.*

RECOMMENDATION

It is recommended that Commission take the following action:

1. Approve the purchase from Ferguson Waterworks in the amount of \$24,991.92 for the water main extension on F Street
2. Authorize the City Manager to execute the appropriate documents, on the City's behalf.

BACKGROUND

The City owns and maintains One hundred seventy-six miles of water main, ranging in size from two inches to twenty-four inches. It becomes necessary from time to time to replace water main in areas where the original pipe installations are now too small to service the area with sufficient flows and pressures or have outlived its useful life. The pipe staff is seeking to replace, extend and upsize the water main on F Street between Florida and Harding Avenues. The installation of this water main gives the residents in the area added volume for fire protection and increased pressure.

Staff recommends the Commission take the following action, approve the purchase from Ferguson Waterworks for \$24,991.92, and to authorize the City Manager to execute the appropriate documents, on the City's behalf.

OTHER OPTIONS

The Commission could chooses not to approve the contract listed above, in turn putting these repairs off to a later time.

FISCAL IMPACT

The 2020-2021 M & R Water mains line item has a budgeted amount of \$175,000.00.
