

The Libby app is the easiest way to get started with digital books and audiobooks from your public library. Libby is available for Android, iOS (iPhone/iPad/iPod touch), and Windows 10.

## Step 1

Install the Libby app from your device's app store.

## Step 2

Open Libby and find your library. You can search by library name, city, or zip code. Add your library card by tapping **See Library Cards** and then **Add Another Card**.

## Step 3

Browse your library's collection and borrow a title.

From your **Shelf**, you can:

- Tap **Open in Libby** or **Open Audiobook** to start reading or listening to a title.
